THE DJUM BAAL CHALLENGE

THE DJUM BAAL CHALLENGE IS A FUN EDUCATIONAL ACTIVITY WHERE WE TURN YOUR SCHOOL INTO A GIANT GAME BASED ON "THE AMAZING RACE"!

HOW IT WORKS:

We work with you to design the game around your school grounds and we hide clues and interactive challenges in various locations (based on your suggestions). Students must complete as many challenges as they can before time runs out! Each successfully completed challenge will earn the team points. The team with the most points will win the game!

LEARNING OUTCOMES COVERED:

Each of the challenges are fun and educational and cover topic areas such as the negative health and lifestyle effects of smoking, healthy eating, mental health, cyber bullying, and more!

DETAILS:

DURATION: 1 hours 50 mins. If you have less time, please let us know.

WHAT WE REQUIRE: We require a location such as a school hall or gym where we can address the group at the beginning and end of the game.

We'll also arrange a time to come out and walk the school grounds with you to choose the appropriate locations for each challenge.

YEAR LEVEL: The game is designed for Grades 4-7

COST: This is a FREE activity for your school!
